

Pecha Kucha **20 X 20**

A fast-paced presentation of ideas on
Sustainable Manufacturing, Materials and Design

Each Presentation: 20 slides / 20 seconds per slide / sit down.

WHAT: Please join us for a stimulating evening covering ideas related to Manufacturing and Technology. Hear from 10-12 engaging speakers; each with unique and important solutions to problems.

Confirmed Speakers and Topics:

Who's Hungry for Light Sandwich Steel? – Productive Research
You Can't Spot Weld Aluminum...or can you? – Dr. Anthony
When life gives you dandelions, make rubber! – Kenny Anderson
A New Spin on a Traditional Shipping Pallet – OSU Team Daehn
Conformal Interference Joining – OSU Team Luscher
Nano-Paper - TBD
Turning Invention into Reality – Idea Foundry

WHEN: Thursday, January 19, 2012 @ 7:00 PM – 8:30 PM

WHERE: The Ohio State University
Welding Engineering Laboratories, Conference Room 102
1248 Arthur E Adams Drive, Columbus, OH 43211

RSVP: E-mail Kristina Kennedy (kennedy.443@osu.edu) to confirm registration.

Event is brought to you free of charge thanks to the following event sponsors:
